

MADISON COUNTY
CHAMBER OF COMMERCE

2024 Annual Report

About Us

Our community's success is our business. The focus of the Madison County Chamber centers on our role as the go-to organization to serve as the catalyst for community and economic development. We exist to connect our citizens, organizations, and businesses with the resources they need to make Madison County thrive.

MISSION

We passionately strive to develop a pro-business climate that serves as the catalyst for economic and community development that complements our agricultural roots in Madison County.

VISION

To create a thriving economy that improves the quality of life for all in Madison County by continuous cultivation of mutually beneficial relationships between businesses, government and the community.

CORE VALUES

- Building and enhancing **community** values
- Engagement and **service** to members.
- Strong **leadership** which recognizes the diverse needs of membership and community.
- **Collaboration** with community partners in pursuit of improved economic development.

SIX PILLARS OF OUR STRATEGIC PLAN

1. Chamber Development: The Madison County Chamber will continue to increase the financial stability, governance, and relevance of the Chamber.
2. Member Development: The Madison County Chamber will drive local small business owners to specialized resources and programming focused on long-term growth and sustainability.
3. Workforce Development: The Madison County Chamber will act as a liaison between local employers and educational institutions to facilitate awareness and training programs to build a qualified workforce now and in the future.
4. Advocacy: To elevate the influence of the Madison County Chamber through the work of the Gov't Affairs Committee.
5. Leadership: The Madison County Chamber will cultivate current and future leaders to strengthen local leadership on nonprofit board of directors, and potential future elected county and city governments officials.
6. Community Enhancement: To continue to enhance the quality of life in Madison County through community programming while marketing the activity as a Chamber initiative and increasing major net revenue to the chamber.

IN ADDITION TO NUMEROUS MEMBERSHIP BENEFITS, WE WORK DILIGENTLY WITH OUR MEMBERS BASE TO...

1. Strengthen our local economy by promoting the community's assets
2. Provide networking opportunities for you to connect with other like-minded businesses for shared success
3. Recruit new businesses that diversify our local economy
4. Encourage member-to-member collaborations for enhanced business exposure
5. Convene leaders & influencers to impact lasting change
6. Invest in your professional development and other educational needs
7. Advocate for you on legislative issues impacting small businesses
8. Grow tomorrow's community and business leaders

Letter From Past Chair

Dear Membership,

Serving as Chair of the Madison County Chamber of Commerce Board of Directors has been one of the greatest highlights of my life. It has truly been an honor and a privilege to contribute to such a prestigious organization in my home county, surrounded by people who are deeply committed to fostering growth and connection in our community. This role has been both a learning experience and a source of immense pride, teaching me the value of kinship and the importance of prioritizing community over competition.

Reflecting on my tenure, I am especially proud of the milestones we've achieved together. The grand opening and dedication of the R.G. Strickland House as the new home of the chamber marked a significant moment in our history, as did the launch of Georgia Grown Trail 98, which continues to spotlight the incredible assets of our region. These successes were made possible by the unwavering commitment of our members and leadership, as well as the efforts of our chamber ambassadors,

who have played a vital role in building strong relationships with new businesses. Together, we've grown the chamber to nearly 400 members, an achievement that truly reflects the strength and unity of our community.

Beyond these accomplishments, this journey has been deeply meaningful on a personal level. It has introduced me to people I might never have met otherwise and fostered relationships that have enriched both my family and my business. For this, I am profoundly grateful. As I conclude my time as chair, I look forward to watching the chamber continue to thrive, and I am confident it will reach even greater heights in the years ahead.

With heartfelt appreciation,

Nathan Coker

The R.G. Strickland House
Home of The Madison County
Chamber of Commerce

"I am thrilled to see the opening of our new office in the beautifully restored Greene Family historic home. The office stands as a monument that symbolizes a bright future filled with opportunities for smart growth, collaboration and community pride."

- Nathan Coker,
2024 Board Chair

"We're probably the best kept secret in Northeast Georgia. For someone's first impression of our County, this house fits the bill."

- Tripp Strickland

A Place to Call Home

The Chamber operated out of Danielsville's Historic Courthouse until the summer of 2020 when the structure suffered severe water damage. Our organization is grateful to have been temporarily housed at the Madison County Board of Education for nearly four years. We are proud to announce that in 2024, we officially moved headquarters to the R.G. Strickland House in historic downtown Danielsville. This opportunity to once again have a central physical presence in our business community would not have been possible without the generosity and vision of Tripp Strickland.

The R. G. Strickland House has been a cornerstone of downtown Danielsville for over 150 years. Built around 1860 in the Carpenter Gothic style, the house was owned by Dr. Sorrells until Mr. Leonidas Eugene Greene Sr. bought it in 1896.

Mr. Greene renovated and added onto the home, expanding the half-floor upstairs to a full second story and adding multiple rooms, including the dining room and kitchen areas. These additions included the staircase in the foyer and the Victorian elements of the house, as was the style of the time.

Since then, the building housed multiple generations of the Greene family until it was purchased and renovated by Mr. Tripp Strickland. The house is named in his family's honor, and the conference room is named after his father, Mr. George Strickland, Jr. He was a pillar in our business community and recognized in 2021 as our Chamber's Lifetime Achievement award winner.

Proud of his county and wanting to support the positive change the Chamber is bringing to the community, he donated the R.G. Strickland House for members and partners as a catalyst for economic and community development.

Georgia Grown Trail 98: PAVING THE WAY FOR REGIONAL AGRITOURISM

We were thrilled to collaborate with local legislators, Banks County Chamber of Commerce and CVB, City of Commerce Development Authority, Jackson County Chamber of Commerce, Georgia Department of Agriculture, LEM Ag Marketing and Jackson EMC to officially designate a portion of Georgia Highway 98 as Georgia Grown Trail 98. This designation is the first of its kind in northeast Georgia and serves as a tool for both locals and tourists to explore the rolling hills from Homer to Comer along a route that highlights agriculturally related tourism sites, included but not limited to, u-pick farms, farm and farmers markets, vineyards and wineries, breweries and distilleries, restaurants using local and regional products, specialty stores with a selection of Georgia food/ag products, farm tours, agricultural-related events, and more.

What evolved into a regional partnership with Banks and Jackson Counties was originally cultivated out of necessity in 2020 within the Chamber's Agricultural Promotions Committee. Covid-19 brought about a resurgence in consumers desiring locally sourced food. We worked with local agribusiness partners and the University of Georgia Extension Service to compile a list of local producers who were selling directly to consumers. This local branding effort gained so much traction that it ultimately became branded as MADICO MADE, the Chamber's key marketing initiative that aims to celebrate the people, places, and products that make Madison County unique.

Georgia Grown Trail 98 only amplifies this effort because it works with regional partners to promote the assets that strengthen our local economy and give us a competitive advantage at the state and regional level.

**DOWNLOAD THE GEORGIA
GROWN TRAIL 98 APP TODAY!**

Please contact the Chamber if you wish to learn more about Georgia Grown Trail 98.

The newest stop on Georgia Grown Trail 98, The R.G. Strickland Mercantile in downtown Danielsville, worked with the University of Georgia Archway Partnership, the UGA Lamar Dodd School of Art Color the World Bright Program and Autumn Strickland Art to highlight Georgia Grown and MADICO MADE in a way that honors our top industry and natural beauty.

There are currently **30 STOPS** on Georgia Grown Trail 98. Benefits to being a trail stop include:

- Recognition as a Georgia agritourism site, event or supporter
- Listing and link on the Trail 98 page of www.gagrowntrails.com
- Map brochure listing and advertising opportunity at additional cost
- Promotion of Trail 98 on Facebook page
- Promotion of Trail 98 by each county's chamber, CVB, visitor center
- Promotion through the Georgia Department of Agriculture and/or LEM Ag & Specialty

MADICO Flex Fosters Students Entrepreneurship

The Foundational Leadership and Entrepreneurship Experience (FLEX) is an entrepreneurship program for high school students that engages them in the business world through experiences and mentorships. Students in FLEX create real businesses, provide real products and services, and make real money. Local business partners, along with community leaders and teachers help to make this program a success. Our local champions invest in the program through teaching workshops and mentoring student entrepreneurs. Students compete in three rounds of competition until a local winner is selected. Local FLEX champs then move on to the state-wide competition.

A \$5,000.00 donation from SunTrust and a \$15,000.00 donation from Georgia Power positioned Madison County to become among the first in our region with a local FLEX program, MADICO FLEX. We currently have seven Madison County High School students participating in our inaugural MADICO FLEX program.

Much like Georgia Grown Trail 98 was rooted in a Chamber committee, MADICO FLEX originated out of the Chamber's Workforce Development and Education Committee when school system leadership and local business and industry partners identified a need to foster student entrepreneurship in Madison County. This initiative is gaining traction in our community thanks to the tireless capacity building efforts by Madison County High School and the Broad River College and Career Academy as they prepare high school students for the workforce.

If you would like to engage as a mentor or program supporter, please don't hesitate to reach out to the Chamber.

Kevin McCraney of Georgia Power provides a donation to Dr. Bo Boykin, CEO of the Broad River College and Career Academy.

MOVE AROUND MADICO

The 2023 Chamber Board of Directors initiated a strategic planning process that identified a six pillar framework for creating positive impact among our membership and community. One of those pillars, "Community Enhancement", supports every opportunity to promote our community's assets through events, programs and initiatives that aim to keep dollars in our community.

MOVE AROUND MADICO is a tourism initiative that highlights resources for playing, dining, shopping and lodging locally. These resources were originally outlined by Kylie Whitworth (MCHS Alumna) during her college summer internship with the Chamber. We are so proud that her efforts laid the groundwork for our tourism promotion.

During Chelsea Mancica's time at the Chamber as the Membership and Marketing Manager, she built-out our existing tourism brand with a creative logo that captures the essence of Madison County's agritourism, ecotourism and historic downtowns.

We are thrilled that City of Comer worked with the UGA Lamar Dodd School of Art Color the World Bright Program to give MOVE AROUND MADICO impressive exposure in their downtown park.

2024 Ambassadors

PURPOSE

The Ambassador Program consists of a prestigious group of dedicated diverse volunteers from the Chamber membership who donate their time to assist the chamber in various activities. Being selected as an Ambassador is a position of great esteem and a strong sense of pride in being hand selected to represent the chamber. Each Ambassador is asked to serve a term of one calendar year, beginning in January of each year. Ambassadors may be invited to serve after the initial one-year term if selected by the chamber.

MISSION

The primary mission of the Madison County Chamber of Commerce Ambassador program is to welcome, connect, and engage prospective members in addition to new and existing members to create a valuable chamber experience for all members. This prestigious group of hand-selected individuals helps maintain contact with other chamber members while promoting the chamber and its purpose.

Member Testimonials

"Being part of the Madison County Chamber of Commerce has been so enlightening. The connection with other business owners is wonderful as well as the support for each other. Having the resources offered through the Chamber makes us feel empowered and supported. We are blessed to have the leadership we have in our Chamber and look forward to watching it continue to grow dramatically!"
CIRCLE A DUMPSTERS, LLC

"The Madison County Chamber of Commerce has a great outreach and cares about our community. Being a member has had a positive impact on my business and has helped build my customer base."
CHAN CHITWOOD
CONCEPT GRAPHICS

"When we first moved from Ohio to NE Georgia, we knew NO ONE. Chamber staff connected us with Kalie Blevins of Bold Spring Blooms, our Ambassador Mentor. She is the epitome of small town feel, and her kindness, dedication and friendship have been so welcoming when we knew no one here. We are forever grateful for her connection and the fact she will be doing florals for our venue for some of our couples just solidifies the fact God sent the community to us to join. Thank you so much for the love and support you all have shown these past Northerners now who consider us Madison County transplants for life!"
SPRINGHAUS FARM WEDDING & EVENT VENUE

"Joining the Madison County Chamber of Commerce has been great for our business. We have received additional exposure through member to member relations and referrals from the Chamber's directory. It has also been awesome to personally meet and interact with other local businesses and business owners through Chamber events and socials. Overall, I would recommend any business located in Madison County or offers services in the county to join the Chamber and become involved. Get the most out of your membership. My Chamber membership has been 100% worth the investment both in business and personally."
TYLER MIZE
BARRETT'S TOWING

"I cannot thank the Chamber enough. They are constantly working with me and other members to promote our businesses and our community to make our county stand out and thrive. Our citizens are noticing the change and it makes all of us proud to live in Madison County!"
JULIE MCKAY
HOMETOWN INTERIORS AND COMFORT HOMES OF ATHENS

"Madison County businesses are coming together and moving forward like never before...join and be a part of the movement to help define the future!"
RODNEY CHANDLER
SMITH, ADCOCK AND COMPANY LLP

Letter From Incoming Chair

Fellow Members,

I am thankful for the privilege to serve as the 2025 Chair of the Madison County Chamber of Commerce. I am blessed to have been born and raised in this wonderful place and I'm so excited for the opportunity to serve and give back to a place that has given me so much. I am a proud multi-generation small business owner. My law office is located in downtown Royston and I serve the entire Northern Judicial Circuit. My grandmother, Jean Parten, opened the original Danielsville Florist right on the town square and I spent many hours in her shop as a child. My grandfather, Pal Conwell, owned Conwell's Grocery in Comer serving the small communities many needs. My mother, Julie McKay, owns too many small businesses to list and is a constant example to me for serving a community.

Madison County is a special place full of remarkable people. Our small community has managed to grow and flourish while still maintaining a small hometown feel.

The Chamber of Commerce, celebrating its 40th year, remains committed to being the go-to organization to serve as the core for community and economic development. Our purpose is to provide connections for people and resources to continue to make our county thrive. With a continued focus on community over competition, our board hopes to see this organization grow to 400 members this year. We also hope to see each member at our various events scheduled throughout the year. By working together, we will continue to see our much-loved community flourish as he has for the past 40 years.

Please reach out to me directly if you have any questions or if I can be of any assistance.

Sincerely,

Erica Roquemore

MADISON COUNTY
 CHAMBER OF COMMERCE

For 40 years, the Madison County Chamber of Commerce has fostered connection, growth, and opportunity. Our exclusive 2025 anniversary logo honors this legacy while symbolizing the strength and ambition of local businesses. As the year ends, it will transition into a new Chamber brand. We're excited to celebrate 40 years and the many more ahead!
